Market Cash and CSA Options for 2023

Expanding the market over the last few years has changed the game for us. We're now able to create shopping experiences that allow for a full array of choices and flexibility within the local food scene. Our traditional weekly CSA share program has evolved to incorporate food from our amazing grower and artisan producer partners, giving you just what you want and need for your pantries.

Additionally, we've seen great feedback and success with our Market Cash program. For every prepaid \$300, you will receive \$30 extra to spend at the stand. We track your purchasing and keep you updated on your balance. You can re-up your balance whenever you like throughout the seasons and all year-round.

Please complete this form and return with your payment either via email, to the stand, or to the address above. You accept Check or Cash, or you may pay through PayPal or Venmo (please send as a friend instead of as goods and services, because we take out our service charges and taxes later with our accountant). We do not run cards for these bigger transactions due to the service fees.
